## ASPA Welcomes New Partner!!

### Protection One Security

#### Why Protection One?

*Protection One is re-shaping how business view security, using technology and service to give customers risk management solutions to everyday, industry-specific issues, before they become costly problems. The proof is in their local service, company-owned monitoring, experience, trust, and their products and services.*

- *Hometown Protection One Sales consultants are employees, not dealers for better service*
  - *Third - largest security company in the US, with more than 60 local offices coast to coast*
  - *Expert service tech and over 800 company-owned service vehicles, ready –to-roll and just minutes away with 97% customer service satisfaction rating*
  - *Stand-alone, dedicated Business Security Center monitors alarms for more than 100,000 commercial customers nationwide*
    - *Layers of data and power backup in addition to their Disaster Recovery Facility*
- *Each monitoring operator receives approximately 20 full days of specialized training each year*

*Protection One was the only security company named to Forbes.com list of “America’s Most Trustworthy Companies”.*

***Competitive Pricing, and significant discounts for ASPA members and families.***
