**ILADS 20th Annual Conference** is the premier educational event for doctors and medical professionals who have an interest in the diagnosis and treatment of Lyme and associated tick-borne diseases. This four-day conference covers a variety of topics on the fight against Lyme and associated diseases, including the fundamentals of Lyme *Borreliosis*, new diagnostic testing options and new treatment strategies, and new research findings.

### **Pioneer in Lyme Award**

Join us on Friday, November 1 from 6:30pm to 9:30pm as we honor the lifetime achievements of Bernard D. Raxlen, MD. ILADEF, the research arm of ILADS, is sponsoring the event and will be beneficiary of funds raised that evening. ILADEF sponsors the Physician Training Program, which has helped train hundreds of Lyme experts.
