

Taxonomy Codes: ASPA contracted Health Plans have started requesting taxonomy codes to be submitted for providers. Previously, ASPA did not request this information but moving forward we will be asking this on our Forms and Applications as well as possible outreach to receive this information.

HealthSmart Complete Reminder that ASPA entered into a contract with the new HealthSmart Complete Product. This national commercial PPO product is completely separate from all local Centene products. This product will be administered by HealthSmart. If you are interested in Opting in, please contact karen@azspa.com to receive the Opt-In Form.

ASPA has entered into a contract with **Prospect Medical Systems**, a national IPA to allow our Members access to contracts which are value based that ASPA does not have current access to. Providers will be able to choose which plans they want to participate in (Opt-In). Example of possible plans: SCAN; Cigna; Aetna; Bright Health; United and Wellcare. The Opt-In for Prospect has been faxed and emailed to all of our Members, if you did not receive this, please contact Karen Ellington at karen@azspa.com.
