

ASPA FALL OPEN HOUSE - October 12th, 2021 • 9am–3pm ASPA is holding an open house for our members and strategic partners. Imperial Health, Prospect Medical and Centene Health Smart Health Plans will be at our Open House to provide you with information. We are very excited as this will be the first ASPA open house in a long time. Come on by. Snacks and drinks will be provided. 3030 N Central Ave, Suite 706, Phoenix AZ 85012.

ASPA Announces Strategic Partnership with RX2Live: ASPA adds additional services to its portfolio to improve patient care, increase revenue, and reimbursement while lowering overall medical costs.

The recent pandemic has accelerated the need for providers to safely prioritize and engage at-risk patients remotely and only require in-office visits as necessary. As a result of our current environment, providers are seeing significant reductions in patient traffic and revenue. Solid solutions developed by RX2Live enable our members to simultaneously monetize their efforts with an experienced, outsourced provider while limiting office visits to only the essential.

RX2Live currently serves ACOs, IPAs, and independent Physicians throughout the country. They provide solutions to rising healthcare costs and poor health, and chronic illnesses that are epidemic and costing Americans \$1 Trillion annually. Their continuing company theme is to "Positively Affect 1 Million Lives.

A flyer has been sent out, look for more information through your email or fax.

ASPA has welcomed a new partner, Solution Partner LLC: Solution Partner provides comprehensive IT Implementation, infrastructure and maintenance services for surgery centers, medical practices and a wide array of businesses across multiple states. Solution Partner focuses on IT Solutions that enhance productivity, security and collaborations such as: Business Phone Systems, Cybersecurity, Technology Procurement and HIPAA Compliance.
