Credentialing Application Service This service was created to eliminate the credentialing hassle for your health care providers. We manage the credentialing and re-credentialing application process with the health plans, and new and reappointment applications with hospitals. Application Services provides credentialing updates from start to finish. This allows your managers, administrators, and providers to focus on the other areas of their practices with ease. The following rates can be negotiated based on the size of the group and/or number of plans the group will need to be credentialed with. Please contact Pam Virgils at 602-265-2524 ext. 218/email pam@azspa.com.
