MultiPlan is now Claritev

We want to inform you of a recent update from our partner, MultiPlan. MultiPlan has unveiled a new brand identity and will now be known as Claritev.

This rebrand is a corporate name change only and is intended to better reflect their transformation and mission within the healthcare continuum. There is no impact on our existing suite of offerings or your current agreements.

The contracting entity for provider agreements will remain the same for now, and future amendments will simply note Claritev as a d/b/a (doing business as) for MultiPlan, Inc. This change signifies MultiPlan's (now Claritev's) investment in innovation to increase the value they provide.

Important Update Regarding Our Partnership with Banner

Please be advised of a significant change affecting our partnership with Banner. We have been notified by Banner that they are terminating their contract with ASPA, effective July 13, 2025.

If you are not directly contracted with Banner, it is crucial that you reach out to us immediately. Taking this step now will help us avoid any disruption in service for your Banner patients.

Important Update: Alignment and Imperial/HealthCosmos

We have just been notified of a significant contract change impacting patients covered under Imperial/HealthCosmos who are also served by Alignment. The contract between Alignment and Imperial/HealthCosmos was terminated over a year ago.

Action Required: If you do not have a direct contract with Alignment, please DO NOT see patients covered under Imperial/HealthCosmos who are aligned with Alignment. *Seeing these patients without a direct contract will result in reimbursement at a non-participating provider rate, which may not be favorable.*
